Subject: Sumter School District
Attachments: Checklist for AHERA Preinspection letter.doc

Ms. Hamm:

I will be visiting the Sumter School District administrative office on next Tuesday, August 7, 2018, to conduct an Asbestos Hazard Emergency Response Act (AHERA) inspection. The purpose of this inspection is to determine if the Local Education Agency (LEA) is in compliance with the requirements of AHERA, codified in 40 CFR 763, Subpart E.

I plan to inspect the following schools and one additional school in the nearby vicinity if time permits:

Cherryvale Elementary School
R.E. Davis Elementary School

I would like to meet with you on Tuesday, August 7, 2018 at 9:30 a.m. in your office to review records. Following the review, the LEA Designated Person at each school should be available to meet with me to review records in its administrative office and to accompany me on a walk-through inspection to physically assess each building. A member of each school's staff who has access to all areas may accompany me as well.

Enclosed is a list of items that should be available at the time of inspection. If I can be of assistance, please contact me at (404) 562-9205 or reply to this email with your questions or concerns.
